

POWER *forward* III

A large, stylized logo consisting of the letters 'P' and 'f' in a serif font. The 'P' is uppercase and the 'f' is lowercase. The logo is rendered in a dark red color against a lighter red, textured background. The background is framed by a dark, geometric border that resembles a stylized 'X' or a large arrow pointing right.

OFFERED BY: 3 ACES CATTLE COMPANY

Terms:

One half purchase price due at sale time

One half purchase price due at time embryos are received

Buyer supplies semen

All costs of the flush are covered by the hammer price

Purchase price guarantees 10 embryos and 5 pregnancies if implanted by a certified technician

The flush shall be conducted under the supervision of 3 Aces Cattle Co.

TC Tinkerbelle 106Y has earned the right to be named one of the most significant breeding pieces in the entire 3 Aces Cattle Co. breeding herd. She is genetically constructed from the most solid foundation building blocks available to the breed today. She is from proven Meado-West blood that has endured over time to become one of the most proven sources of Red Angus breeding stock in North America.

3 ACES TINKERBELL 9236 > Daughter of Lot 1

The most noted accomplishment of this great donor female is her daughter, 3 Aces Tinkerbelle 9236, the Grand Champion Female at the 2018 National Western Stock Show. Furthermore, another daughter was the Champion Senior Yearling Female at the 2016 NAJRAE.

Some of the most consistent of phenotype desirability is made available through this flush from this impeccable breeding female.

A photograph of a large, muscular, reddish-brown cow standing in a green field. The cow is facing right, showing its profile. It has a thick, wrinkled coat and a large, broad body. The background is a clear blue sky and a distant treeline.

Selling Select Semen Packages

TW Rio Grande 567C was selected as the Grand Champion Bull at the 2017 Tulsa State Fair and the top contender at the 2018 National Western Stock Show. He was the top-selling bull at the recent Total Performance Bull Sale. The perfectly conformed herd bull is genetically derived from the best lines from the Twin Willow Farms breeding program and the most proven genetics available in the Red Angus breed. He is the most progressive individual born from the 3R Ms Touch 51H 21M foundation female, and many of the most prevalent lines at Twin Willow Farms have been formed from this significant breeding piece.

This massive and ready to breed herd sire has seen limited service in the Twin Willow herd, and sells as a great opportunity to obtain the best in the industry through the lineage of this breeding bull. He is fault free through his genotype and phenotype.

OFFERED BY: LONG HALL CATTLE

HB Annie 729E is one of the very top yearling Red Angus females to be offered this spring. She has captivated the attention of all that have seen her as she began her show career as a baby at the 2017 Kentucky State Fair. The March-born heifer is offered as one of the stand out individuals for this year's show season. She has the ability to stand with the steepest of competition at any level.

Her dam, WCR Miss Annie XT 3280A, was one of the top-selling females in the Englewood Dispersal. The daughter of Flying W Xtra 111X is from the Red Soo Line Annie 7249 cow family. The generations of superiority of genetic lineage is vividly displayed throughout the pedigree of this great family tree.

Her sire, AHL Flashback 446B, is one of the highly proven young sires in the Red Angus breed. Generations of the breed's most consistent lineage is available in the genotype and phenotype of this excellent heifer. HB Annie 729E has one of the brightest futures in store of the entire inventory of females born in 2017.

Red Combest Lady Erica 5077E is the yearling female from her highly achieving dam. The daughter of Bar E-L Justification 148B (deceased) was the senior herd sire in the Combest Red Angus breeding program. His influence has generated accelerated performance and muscle mass to his resulting calf crops. Half sisters and brothers have been among the highest performing individuals recorded in the Canadian Red Angus herd book.

A maternal brother to both Lots 4a and 5, Red Combest Zodiac, was selected as a herd sire through the No Boundaries Bull Sale by Lee Brown, LLB Angus, in Alberta.

This is a powerful breeding cow unit that sells as Lots 4, 4a and 5.

LOT 6A—DFRA F129, a 3/9/18 heifer calf by Andras Fusion R236

Damar Tidy Bee Rock Z347 fully demonstrates the power, performance and maternal excellence. This female has long been considered one of the great females ever bred in the Damar program. She is wide-bodied, soundly constructed and excels in depth and dimension throughout. She is backed by a rich tradition, history and legacy that began many years ago in the development of the Damar program from the Montana-based Bootjack program. The Tidy Bee cow family is most noted for the creation of the foundation sire BJR JR 107, who was used extensively by the Lonker and Bieber programs with overwhelming success. Damar Tidy Bee Rock Z347 is a role-model female that combines functionality and attractiveness into a most remarkable female.

LOT 7A—DFRA F137, a 3/17/18 heifer calf by Silveiras Mission Nexus

Damar Emmy Lou Y112 is one of the strongest of the individual females that have launched the Cloud 9 Cattle Co. to a new level of excellence. The female is fault-free for phenotype and genotype. She is mobilized by her perfect structure, and her udder is perfectly conformed for lactating. She is sired by Red Ter-Ron Real Deal 01W, one of the most successful Red Angus show bulls in Canada. The influence of the great son of Red Ter-Ron Reload 703T has been immeasurable. His progeny have had a most remarkable impact upon the breed and industry. This female from the DFRA Emily R557 cow family has emerged as one of the coveted members of the high profiled lineage. Her progeny and influence are noted positively throughout the industry. Her heifer calf at side by Silverias Mission Nexus 1378 adds even more value to this prize genetic package.

LOT 9A—DFRA F115, a 2/18/18 heifer calf by Andras Fusion R236

DAMAR BARCELONA > Full sister in blood to Lot 9A

Rarely, if ever, in the annals of breed history, outside of a herd dispersion, does the opportunity present itself to own a full sister to one of the most influential and significant matriarchs the Red Angus breed has ever known.

The legendary Damar Mimi W085, is one of the most proven and time-honored Red Angus donors in North America. Damar Tarmily D227, selling as Lot 9, is her full sister.

This maternal line produces daughters that make exemplary breeding females and sons that highlight the most prestigious programs across the country.

Adding even more spice to this lot is her fancy February heifer calf selling by Andras Fusion R236. The power in this blood is widely recognized as her full sister in blood, Damar Barcelona, was a wildly popular lot on the 2018 Western Heritage Sale held at the National Western Stock Show. She subsequently was slapped grand champion Red Angus Female at the hotly contested Oklahoma Youth Expo, one of the most prestigious junior shows in the land.

This is your opportunity to obtain genetics on one of the most highly acclaimed family lines in the Red Angus breed.

LOT 10A — DFRA F114, a 2/13/18 heifer calf by Andras Fusion R236

Damar Lakota D159 is a dark red daughter of Red SSS Soldier Z927. The impressive female has the unmistakable look of all daughters of the great breeding bull. The pedigree of this great cow elevates her to even greater significance being from the Lakota line of breeding females originating from the Damar herd. Her dam, Damar Lakota D159, was a consistent producing female that worked well with all sires. This is one of the most solid females in the offering from Cloud 9 Cattle Co. She has at her side a February-born heifer calf by Andras Fusion, making this a young breeding unit. This female pair will make an extraordinary contribution and impact to a new breeding herd and the entire breed.

Due by Sale day to Damar 2U Iron Man B943

Her sire, Silveiras Mission Nexus 1378, is making a name for himself by siring daughters with not only a killer profile, but ample substance and breed-leading EPDs. Her dam, Dexas T701 is a potent producer that is noted for easy calving, highly maternal, excellent milking daughters. This maternal line excels when it comes to generating high dollar generating progeny regardless of the sire they are mated to. Much like her full sister, C019, Dexas T701 is one of the premier young females in the breed with her near perfect phenotype, a desirable look and maternally balanced pedigree. The calf she will have by sale day by Damar 2U Iron Man B943 adds value to this highly sought after package.

LOT 13A — DFRA F138, a 3/17/18 heifer calf by Damar Evolution D549

Damar Real Big D111 is typical of the Red Brylor Big Rock 85T daughters—big bodied, high capacity, easy fleshing and moderate framed. What's more, the feet and leg structure of the Big Rock daughters are among the best in the Red Angus herdbook. This female combines power and femininity with a balanced set of EPDs into a package worthy of serious consideration as a dominate producing female.

An added bonus is her stylish, well bred, March heifer calf at side by Damar Evolution D549. She represents the next generation of genetic excellence for the breed. This pair of cattle is without question worthy of top billing in the Power Forward III sale.

OFFERED BY: SATTERFIELD ANGUS

Satterfield Angus has brought their very best to the Power Forward III Sale in the form of this pair of fall open heifers sired by WPRA Legacy A-314 and out of A-1 Yuma 560Y. Both sons and daughters of the elite breeding bull WPRA Legacy A-314 have been met with great enthusiasm by the buying public across the land.

Their dam, A-1 Yuma 560Y, was one of the top females from the A-1 Dispersal. She is now one of the top donor females at Satterfield Angus, and her progeny have been noted individuals around the country. The same stamp she consistently transmits to her progeny is identifiably present in these two intriguing fall open females.

This is a very special pair of females from an excellent cow family with a documented past. They are fault free in their design, strong-topped, big-bodied and move fluidly. These females stack up with the best offered at public auction this spring.

OFFERED BY: TWIN WILLOW FARMS

The sire of these cutting-edge embryos is none other than the 2014 NAILE Grand Champion Bull, AHL Flashback 446B. After winning the 2014 NAILE, Flashback was the high-selling Red Angus bull at the 2015 National Western. He was later a featured lot in the Englewood Dispersal, selling to the Smoky Y Program. Flashback is one of the most talked about bulls in the industry, and one of the greatest sons of the recently deceased PZC TMAS Firestorm 1800.

The dam, Keifers Lulu Y55, is a donor cow extraordinaire who has proven her ability to produce growthy, high performing show heifers. She is beautiful fronted, has lots of shape and thickness and consistently passes these traits along to her offspring. There is little question, Lulu is one of the great females in the breed. She has become one of the foundation females in the Twin Willow program, and her progeny will set new standards going forward. The female is perfectly designed and is proving to be one of the most significant breeding females in the industry.

OFFERED BY: TWIN WILLOW FARMS

This is an opportunity to obtain the genetics from two former National Western Grand Champion individuals. Six Mile Taurus 519A was the 2014 and 2016 National Western Grand Champion Red Angus Bull.

This magnificent breeding bull has become one of the significant breeding bulls in the entire breed. The son of Six Mile Game Face 164Y has sired individuals that are winning shows across North America. His genetics merge perfectly with a wide array females, and his progeny have already topped sales and become victorious across the country.

Keifers Lulu Y55, was the 2013 National Western Grand Champion Female, and one of the most noted donor females in the Twin Willow program. Her progeny are of the

highest quality and breed acceptance. She is sired by Majestic Lightning 717, the great breeding sire who fueled much of the quality in the Majestic Meadows breeding program.

These embryos are from the famed Tilly M244 cow family and are sired by the impressive Red Brylor Big Rock 85T, a herd sire known for producing top-shelf females. A full sibling to these embryos, Damar Rock'a Dilly Z373, is one of the prized females in the Red Angus breed. Given her near perfect phenotype, she is flawless on her feet and legs, wide based, square built and has the mass and volume that made the Red Angus breed famous. Damar Rock'a Dilly was the top selling female in the Elite Female Sale at C-Bar Red Angus. Given the unbelievable consistency on both the paternal and maternal family lines available here, the resulting heifer calves are the kind with the built in ability to highlight even the most prestigious programs.

OFFERED BY: LONG HALL CATTLE

LHC Stone Cold E125 PLD is a tremendous herd sire opportunity from Long Hall Cattle Co. He is from the best genetic lines in the industry, and offers fault free genetics to the industry through his sire and dam. The sire, R&M TR Rhinestone 238 needs no introduction to the seedstock industry. The potent and proven breeding sire has sired some of the best individuals in the industry. His dam, a donor female in the Long Hall Cattle Co. breeding program, has offered some of the best lines to the breeding herd, and her influence is obvious in the genotype of this yearling bull. Balanced and desirable EPDs make this one of the stand out Charolais breeding bulls to sell this spring. Her maternal sister was a prized addition to last year's National Charolais Sale.

Open - Ready for transplant

This solid black 1/2SM, 1/2AN is by the Angus legend, Northern Improvement, who continues to play a vital role in the industry nearly 20 years after his birth. Damar Dazzle Z136 is an own daughter of the potent KA Shamoo U130 donor who left an indelible mark on the Simmental breed. The U130 donor is a female that sets the standard for phenotype, production and class. The beautiful bald faced donor traces back to Legacy, Shear Force and Power Drive, just to name a few of the influential sires in her ancestry.

The embryos selling by this elite donor female by both LLSF Pays To Believe ZU194 and BPS Structure 308A, are the kind with the inherent ability to propel a program into a genetic realm seldom seen.

These embryos represent some of the most timeless genetics in both the Simmental and Angus breeds masterfully combined to result in truly legendary offspring.

The dam, Triple C Sugar Mama, known as W54, puts as much power, body, dimension and fleshing ability into her offspring as any purebred Simmental female in the history of the business. She consistently transmits her balanced phenotype, fleshing ability and sensible frame score to her progeny, regardless of the sire represented.

The sire of these embryos, BPS Structure 308A, is known for siring uniformity and eye appeal in his offspring. His daughters have made impressive females in production and his sons display his soundness, thickness and structural correctness.

A truly unique offering of some of the most proven genetics available in the industry.
